

CRINKLE SMP SERIES EFFECTIVE 2020 Weather XL

Steel Tile is proud to offer 5 distinctive colour choices specially designed to complement any architectural vision. Crinkle SMP colours are available on select 26 and 29 gauge Steel Tile panels, including accessories, trims and flashings. The advanced Weather XL technology is formulated with a proprietary durable resin which provides superior resistance to chalking and fading, especially in extreme heat and UV exposure locations. Weather XL paint's exceptional coating hardness, flex ratio and abrasion resistance out-performs other finishes in the harshest of climates. Weather XL paint provides a new level of long term exterior performance for building product applications with the best warranty in the business.
